The present circumlocutory process of sending the Charge sheet from one office to another seriatim serves no useful purpose. As a matter of fact the Charge sheets are rarely filed with the records of the case. I therefore agree to the course suggested by the Hy of Police. A simpler form of Charge sheet as now suggested, will suffice. It should be a standing order that the Magistrate should promptly communicate the result of trial in Police cases, to the Police Officer concerned. I am not however sure that the form now sent up is quite appropriate. It was intended for a different purpose. A new form of a simpler kind may be prescribed. Please put up draft for approval.

The Registrar of the
Chief Court of Mysore.

To

The Secretary to Government,
Genl: and Rev: Departments.

Sir,

Under the practice as at present existing when a Criminal Case has been decided, the Charge Sheet is detached from the record and forwarded to the Deputy Commissioner. I am directed to say that the rule is open to objection for the reason that the Charge Sheet forms a part of the record which should be preserved intact and that in Cases which have recently come before the Chief Court on revision, the absence of the Charge Sheet has given rise to considerable inconvenience. All ordinary information regarding

a Case is or should be embodied in the Calendar and any special information which the Magistrate desires to convey, e.g., regarding the conduct of the Police etc: should be embodied in a letter.

I am directed to request that Government will be so good as to issue orders cancelling the practice referred to. -

SIR,

With reference to your docket No.J.1911/ olice.49-10-4 dated 31st December 1910, regarding the ling of charge sheets with records of criminal cases ave the honor to state that the practice obtaining the Province is that the investigating officer sub- ts the charge sheet to the Magistrate having jurisdic- on, duly filling in columns 1 to 12 on the obverse. ter the disposal of the case by the Magistrate, columns to 22, excepting 21, are written up in the Court and ler the Magistrate's signature, transmitted to the strict Magistrate who, with his remarks, if any, in s capacity as District head of Police forwards it t e District Superintendent of Police, who, in his turn nds it on to the Taluk Inspector concerned. The la med officer after making necessary entries in the unterfoil and the crime register, returns it direct the Court where it is filed with the records of th se. This course causes considerable delay in the re ansmission of the charge sheet for being filed with e records of the case.

In the Madras and Bombay Presidencies e charge sheet filled in and submitted by the vestigating Police officer is not returned to the Police t forms part of the records of the Court and the

results of the trials are communicated to the Police by means of separate proceedings, called Magistrate's proceedings in Madras, and Magisterial summary in Bombay. Samples of these forms are enclosed for the information of Government.

3. I am of opinion that the charge sheet should on no account be separated from the records of the Court. The return of the charge sheet by the Magistrate to the Police for making necessary entries in the counterfoil of the charge sheet register and crime register, is unnecessary if the Magistrates communicate to the Police immediately after disposal the result of the case in form C Magistrates' proceedings, prescribed by the Mysore Government in Proceedings No. 1591-92/J.153 dated 29th July 1898,(copy of the form is enclosed). The above form was prescribed for supplying information to the Police for the preparation of the annual statistical returns and this is not being regularly furnished by the Magistrates.If the Magistrates are instructed to furnish information to the Police in this form immediately after the disposal of each case, this will not only serve the purpose of the annual returns, but will also obviate the necessity of returning the charge sheet to the Police. I therefore request that the Government may be moved to issue necessary instructions to the Magistrates in this matter.

4. When this procedure is adopted some of the particulars in the charge sheet become unnecessary and may be omitted. Those in use in Madras and Bombay are simple and do not contain any headings to be filled in by Magistrates. Samples of these forms are enclosed. I herewith submit a revised form of charge sheet similar to the one in use in Madras. I request that you will be so good as to move the Government

Letter No.1122-62, dated the 1st September 1910, from the Registrar, Chief Court, stating that the existing practice of -- detaching charge sheets from records in criminal cases and sending them to the Deputy Commissioner causes great inconvenience, and requesting that orders may be issued countermanding this practice.

2. Letter No.7374-702 dated the 20th June 1911, from the Inspector-General of Police in Mysore, on the same subject.

With reference to your docket No.J.1911/Police.49-10-4 dated 31st December 1910, regarding the filing of charge sheets with -- records of criminal cases, I have the honor to state that the practice obtaining in the Province is that the investigating Officer submits the charge sheet to the Magistrate, having jurisdiction, duly filling in columns 1 to 12 on the obverse. After the disposal of the case by the Magistrate, columns 13 to 22, excepting 21, are written up in the Court and, under the Magistrate's signature, transmitted to the District Magistrate who, with his remarks, if any, in his capacity as District Head of Police, forwards it to the -- District Superintendent of Police, who, in his turn, sends it on to the Taluk Inspector concerned. The last-named officer, after making necessary entries in the counterfoil and the Crime Register, returns it direct to the Court where it is filed with the records of the case. This course causes considerable delay in the re-transmission of the charge sheet for being filed with the records of the case.

2. In the Madras & Bombay Presidencies, the charge sheet filled in and submitted by the investigating Police Officer, is not returned to the Police, but forms part of the records of the Court, and the results of the trials are communicated to the Police by means of separate proceedings, called Magistrate's Proceedings in Madras and Magisterial summary in Bombay. Samples of these forms are enclosed for the information of Government.

3. I am of opinion that the charge sheet should

be separated from the records of the Court. The return of the charge sheet by the Magistrate to the Police for making necessary entries in the counterfoil of the charge sheet register and crime register, is unnecessary if the Magistrates communicate to the Police, immediately after disposal, the result of the case in form C Magistrates' --- proceedings, prescribed by the Mysore Government in Proceedings No.--1591-92/J.153 dated 29th July 1898, (copy of the form is enclosed). The above form was prescribed for supplying information to the Police for the preparation of the annual statistical returns and this is not being regularly furnished by the Magistrates. If the Magistrates are instructed to furnish information to the Police in this form immediately after the disposal of each case, this will not only serve the purpose of the annual returns, but will also obviate the necessity the returning the charge sheet to the Police. I therefore request that the Government may be moved to issue necessary instructions to the Magistrates in this matter.

4. When this procedure is adopted, some of the particulars in the charge sheet become unnecessary and may be omitted. Those in Madras and Bombay are simple and do not contain any headings to be filled in by Magistrates. Samples of these forms are enclosed. I herewith submit a revised form of charge sheet similar to the one in use in Madras. I request that you will be so good as to move the Government to sanction the adoption of this form.

Order thereon No. J-3416-25 Dated Bangalore 18th May 1912.

The practice of sending the charge sheet round from one officer to another serves no useful purpose, but, on the contrary, causes great inconvenience. The charge sheet is intended to form part of the record of the case and should not ordinarily be detached from it. Government therefore approve of the suggestion made by the Inspector-General of Police in para 3 of the letter read above and of the form of --- charge sheet proposed by him and annexed hereto. It is observed, however, that form C, as designated by him (printed at page 15 of Govt. Progs. No. 1591/J.153 dated 29th July 1898) for recording the information furnished by Magistrates in Police cases is not quite appropriate for the purpose referred to and the Inspector General is requested to suggest a new and simple form for adoption.

2. The Chief Court is requested to impress upon all Magistrates the necessity of promptly communicating the result of the trial in Police cases to the Police officers concerned.

2. Letter No. 7374-702, dated the 20th June 1911, from the Inspector-General of Police in Mysore, on the same subject :—

"With reference to your docket No. J. 1911—Police 49-10-4, dated 31st December 1910, regarding the filing of charge sheets with records of criminal cases, I have the honor to state that the practice obtaining in the Province is that the investigating officer submits the charge sheet to the Magistrate having jurisdiction, duly filling in columns 1 to 12 on the obverse. Samples of these forms are enclosed for the information of Government.

3. I am of opinion that the charge sheet should on no account be separated from the records of the Court. The return of the charge sheet by the Magistrate to the Police for making necessary entries in the counterfoil of the charge sheet register and crime register, is unnecessary, if the Magistrates communicate to the Police immediately after disposal the result of the case in Form C. Magistrates' proceedings, prescribed by the Mysore Government in Proceedings No. 1591-92—J. 153, dated 29th July 1898. The above form was prescribed for supplying information to the Police for the preparation of the annual statistical returns and this is not being regularly furnished by the Magistrates. No. J. 3416-25—POLICE 49-10-6, DATED BANGALORE, 18TH MAY 1912.

ORDER THEREON.—The practice of sending the charge sheet round from one officer to another serves no useful purpose, but on the contrary, causes great inconvenience. The charge sheet is intended to form part of the record of the case and should not ordinarily be detached from it. Government therefore approve of the suggestion made by the Inspector-General of Police in para 3 of the letter read above and of the form of charge sheet proposed by him and annexed hereto. It is observed, however, that form C, as designated by him (printed at page 15 of Government Proceedings No. 1591—J., 153, dated 29th July 1898) for recording the information furnished by Magistrates in Police cases is not quite appropriate for the purpose referred to and the Inspector-General is requested to suggest a new and simpler form for adoption.

2. The Chief Court is requested to impress upon all Magistrates the necessity of promptly communicating the result of the trial in Police cases to the Police officers concerned.
